

The Top Management of Nafpaktos Textile Industry S.A. **envisions** to establish a work environment, suitable for company's activities, as well as safe and healthy for all employees, contractors and visitors.

In this context, Nafpaktos Textile Industry S.A. has developed, implemented and sustains an Occupational Health & Safety Management System (OHSMS) covering the following activities:

Production, Storage and Trading of Cotton Yarn

Our OHSMS complies with ISO 45001:2018 International Standard and all applicable H&S regulatory requirements.

Nafpaktos Textile Industry S.A, is also **committed to**:

- Comply with all applicable regulatory requirements and other requirements related to Health and Safety at Work, that the company has accepted
- Eliminate OHS hazards and minimize OHS risks
- Provide all required resources to maintain its OHSMS and continuously improve it
- An unrestricted, barrier-free and without discrimination consultation with workers, while ensuring their active participation in achieving health and safety at work

In the context of OHSMS Implementation, Nafpaktos Textile Industry S.A has established the following **OBJECTIVES**:

- Elimination of accidents
- Minimization of Health & Safety incidents
- Continuous training and awareness of Company's staff and contractors/subcontractors on H&S issues

This OH&S Policy is published and communicated to all interested parties, while it is implemented and supported by all Nafpaktos Textile Industry S.A. employees.
